Forecast For Grampian
Issued by Met Office Aberdeen
at 0400 on Saturday 04 Dec 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Cloudy with showery rain, brighter later away from the east.

Today:
Rather cloudy in the morning with outbreaks of rain and hill snow. Becoming drier and somewhat brighter in the afternoon for most but the east coast slower to improve, strengthening northerly winds by the east coast later. Maximum temperature 6 deg C (43 deg F).

Tonight:
Wintry showers likely around the Aberdeenshire coast in the evening with strong northerly winds. Clear spells further inland and these spreading east overnight. Minimum temperature 1 deg C (34 deg F).

Sunday:
A few wintry showers near the east coast but drier with a lot of winter sunshine in the west like Upper Deeside, feeling cold at first but winds easing. Maximum temperature 5 deg C (41 deg F).

Outlook for Monday to Wednesday:
A cloudy wet start on Monday, snow on the higher ground, further showers likely later. Mainly dry and bright on Tuesday but rain spreading east later. Wet and windy Wednesday.
